Bobby will meet Frankie Burns, of Los Angeles, at Agua Prieta, Mexico, opposite Douglas, on July 14, for a 20 round boxing bout. "I believe I will win," said Waugh when the train stopped here for a few minutes. "Burns is a good boy, but I am in good condition. We have arranged to match the winner with and by the time they return by way of El Paso it is expected that Waugh may find a match to meet him here."

TETZLAFF, IN FIAT,
WINS 200-MILE RACE

Ralph Mulford, in Knox, Is
Too Reckless; Winner
Starts Last.

Tacoma, Wash., July 6.—Before a crowd of 24,000 persons, "Terrible Ted" Tetzlaff, in the Fiat, won the 200 mile race for heavy cars on the Lakeview course yesterday afternoon. His nearest rival was Ralph Mulford in a Knox, whose daring proved to be his undoing.

Mulford took the turns at a speed which tore his tires into ribbons and he was forced to go to the pits four times on account of tire trouble. In the seventh lap he hung up a new world's record by entering the five mile course in 2:55. Tetzlaff started last, but soon passed his rivals.

In the eighth lap he took the lead and held it to the end, stopping once to change tires and again for gasoline. He finished in the record time of two hours, 54 minutes, 21.65-100 seconds, with the Knox over a lap behind. The National (Devere) was third.

Hanson will fight Howard Baker, of Boulder, Colo., in Salt Lake on July 15.

Motor Boats To Race For Trophy

The Wm. Wrigley Jr. trophy for the power boat championship of the world represents over \$22,000. It is a perpetual trophy to be won each year by the club whose motor speed boat makes the best three out of five races in competition open to the world, free for all boats under 40 feet in length.

It is a reproduction in silver of a "Flying Mercury" presenting to Neptune a hydroplane motor speed boat. Neptune with his trident, dolphins and water surrounding are in bronze. The round pedestal is of green marble. The figure of Mercury and the model speed boat contain 1,000 ounces of sterling silver. The trophy stands 5 feet 5 inches high. The base is 47 inches in diameter.

Mr. Wrigley will provide annually a replica of this big \$5,000 trophy, which becomes the personal property of the winner of each year's races. To provide this trophy annually will require an endowment of about \$17,500, thus giving Mr. Wrigley's trophy a

value of about \$22,000. In addition to these prizes are a \$1,500 cash prize for the winner and a \$500 cash prize for the second boat.

The first races will be held at Chicago during the Water Carnival and Naval Review, Aug. 10 to 17 inclusive, 1912. It is expected that there will be boats from all over the world.

Water Carnival week at Chicago will include the other races in the Fourth Annual Regatta of the Western Power Boat Association, the latest national Yacht Race between the Royal Canadian Yacht Club of Toronto and the Chicago Yacht Club, the L. J. Ton Cup Races of Columbia Yacht Club, fireworks displays, naval parades, swimming and diving contests and exhibitions by sailors, marines and naval reservists.

In all the competitions there will be handsome trophies or liberal cash prizes. William Hale Thompson, Commodore, Associated Yacht and Power Boat Clubs, Chicago, will be glad to supply information.

JOHNSON SAYS HE
IS ALL THROUGH

But Says He May Fight Al
Palzer on Labor Day,
He Admits.

Kansas City, Mo., July 6.—"I never want to see another pair of boxing gloves, either in public or private," declared champion Jack Johnson, while here a few minutes last night on the way to Chicago. Johnson was in a happy mood, unmarked by his fight with Jim Flynn at Las Vegas on Thursday.

"If Al Palzer wants to fight me," said the champion, "he will have to do it not later than Labor day, for on that day following I will retire from the ring forever. That's final—I quit them for good."

Johnson said he had cleared \$35,000 on his victory over Flynn. He received \$15,000 from Jack Carley, the promoter, and won \$5,000 in betting on himself.

LOCAL GOLF RECORDS
LOWEYER BY ARMY MAN.

Amateur and professional records of the El Paso Country Club golf course have been smashed this week. E. V. Sumner, Jr., a second lieutenant of the Second Cavalry, and a grandson of Gen. Sumner, did it with his little golf hatchet.

Sumner is a wonderful golfer, as well as an all-round athlete. His golf career started at West Point, where he has been stationed since his graduation from the Point in 1905.

On the local links the other day, Mr. Sumner went around in 71 with a 13 bogey. The former best record was 71, made by Livie, professional, and 70 made by Vance, amateur.

The advent of Sumner is deemed fortunate by the clubmen. The local golf team has been very weak of late, and some fear was experienced for the coming match with the Douglas Country Club.

But Sumner and some other officers of the Second, which will be stationed here permanently, will materially bolster up the El Paso team.

LAWN TENNIS EVENTS.

SOUTHWEST TENNIS ASSOCIATION
ALREADY ASSURES BIG SUCCESS

Association to Be Formed Next Friday—Entries For the
Match July 13-15 Close on Monday and Already
39 Are Entered, Representing 12 Organiza-
tions in El Paso and Surrounding Cities.

The southwest is to have its own tennis association, and it will be started with a dash July 12, 13 and 14, when matches will be held in El Paso under the auspices of the local country club.

A mass meeting of tennis enthusiasts will be held next Friday morning at 10 o'clock in the chamber of commerce. All clubs in the southwest will be represented by delegates, even those organizations which will be unable to compete in the play this summer. Then the Southwestern Tennis Association will be formed. The best part of it is that permission has been secured from the United States National Lawn Tennis association, of which Robert Reard, the crack player, is president, to affiliate the southwest association with the national one. At first the officials of the national body pleaded that El Paso should join with the Texas association, but they later changed their minds and agreed to accept the plan. However, El Paso will hold proper membership in the Texas association although the distance will prevent matches between this city and eastern cities in Texas.

The match to be held next week will be open to all tennis players. Entries in doubles and singles have been received. Twelve cities are on the list to be represented in the play, not counting Bisbee and Douglas, which cannot get teams together, but will send delegates. Those to be represented are: El Paso country club, El Paso Y. M. C. A., El Paso Smelter Tennis Club, Elphinstone Tennis Club, Cananea, Mex., Tennis Club, Towne, N. M., Tennis Club, Pecos Country Club, Albuquerque Country Club, Ft. Bliss, Tex., army officers, Clifton Tennis Club, Deming Tennis Club, Las Cruces Tennis Club, and Mesquite Tennis Club. Many of the organizations will send two teams in doubles, and the Las Cruces club will send down seven players.

The fight will be keen. Mesilla holds the southwest championship, and some clever outsiders who happen to be in this vicinity will participate. The Fuller brothers, Princeton university champions, who are stopping in Las Cruces, will be down, and Reedfuller the Lieut. Gordon, of Ft. Bliss, who will compete, was the champion at West Point. Already some players from out of town are on the ground getting in form on the local club's courts. P. R. Lynch, captain of the Pecos team, and Brown, are here already, as are Wilkinson and Ormsbee, of the Towne club. The local Y. M. C. A. players are practicing on the country club court, and the smelter men are busy getting in form. By Tuesday most of the players and delegates will have arrived.

Officials of the tournament have been chosen. E. E. Neff, G. C. Wines and Hal Christy will form the executive committee. G. Morris, Griffin Davis and R. E. Hines, the arrangement committee, and Waters Davis and J. F. Williams are on the list of referees. The referees will be G. C. Robertson, R. E. Black and Vance Stewart. Capt. F. W. Kobbe, Lieut. Gordon and Russell Hunter will act as scorers. Peyton J. Edwards will be the judge of the final decision. Four cups, the fruits of unusual play, have been donated and are on exhibition in a downtown window. They will be awarded for first and second in the doubles and singles.

Musicians On A Strike In New York
Theaters; Annie Russell To the Fore

Hot Weather Is Having Its
Effect Upon the Stage
Business.

(BY EMORY B. CALVERT.)

New York, July 6.—A strike of musicians, Annie Russell's aesthetic aspirations and heat have been New York's theatergoers this week. By far the most important of this trio is the heat, with the musicians running a poor second and Miss Russell, as he fits one of embonpoint, decorously bringing up the rear.

I place heat in the front rank advisedly, for it has been whispered along the Hallett that the calorific waves that radiate in shimmering ranks from an almost molten asphalt have stricken dumb, blind and deaf the summer theatrical season. If course this may be but a rumor, not worthy of credence. In fact, others have claimed that dead season is neither dead nor lost, but is summing in some sequestered nook with a brass blade breeze carefully trained on its swelling brow and water at its elbow.

Quiet Theatrical Summer.

There is one thing certain, however, and that is that up to date of present writing so little noise has been made by the theatrical world this summer that the impression has gone abroad that all actors have turned honest and all theater managers have gone to Europe. It has been so quiet, indeed, that the shade of Hendrik Hudson, accompanied by the other Atlantic shades who formerly manned the Half Moon, to land in New York in that dramatic news they would be disappointed in their quest as were they in their search for the northwest passage.

It is with considerable gusto, relish and appetite, therefore, that I turn to the striking musicians and the aesthetical Miss Russell. Had they not ripped the dramatic sea this week I should have had to chronicle the daily bits of
